

MUSF Meeting December 2nd 2020

Teresa cannot attend so Dodie is taking notes 😊

Meeting called to order at 9:50 am

Approval of minutes – TF Approval, TJ second approval of last months meeting notes

Tara Fergusson

Teacher luncheon major success, great comments. Thank you Meika for the ordering from South Coast Deli. Would like to do that again for staff.

Gear Delivery is delayed, sold about \$6400 worth of MUS gear

Bingo Night –

Cancel Walk and Roll and Lounge Fairy

Food Drive - Still need for food drive of some kind, I will take that on.. while dropping off the kids we could place bins out and get them to the right place after the fact. Dodie will do that, January! Anna will help with that as well. Jillia whittman will help with that as well

Naming Rights – Giving list is out, official in production. Sent out by Montecito Journal.

Collabratory 200k to build

Farm 50k to build

Pond 100k to build

Anthony mentioned that we would like to keep saying “Joffrey Bridge” so that the name sticks etc.

Which one would get used the most often? The collabratroy probably, farm next then water feature. Working still on the design elements but

Does this need to happen this year or can we let it get some influence and attention etc

Continue to discuss as a group ; Tod said he would like to set a number on the smaller one and meet more to discuss the costs of the larger ones. He would like to touch base with past MUSF members to see if reaching \$50k is an option

Naming rights – is it first come first serve then ;

Anthony – do think it’s a good idea to have a sub committee and work on it and then present it to everyone as a board and then let the board approve or not approve

Sub committee does not have authority to make decisiio, but a recommendation to the board

Giving List – 100 books to distribute out to different places ; county clubs; dental offices; email books to Jillian will help as well;

Math – Mr Linder this year is not a specialist inseatd he is teaching a class so we are not having the extra specialist time, AR suggested either a before or after school program for extra math help, would be free for all participants and sponsored by MUSF, possibly next semester,

everybody in favor no one opposed this is for 2020-2021. For 2021-2022 AR suggested we have specialist come into MUS to help teach additional teachings etc about \$10k for a very high caliber, everyone in favor, no one opposed to bringing in additional help next year.

Nature Lab

Anna

Noting to report for Nature Lab

Cathy

Doing what we can for community fundraisers

Claire V – fundraiser / this weekend shop online or in store 20% back to MUSF

Bettina – next Tuesday 10% of to go

Rori's every month

Jog a thon – emulating what Laguna Blanca did, March looking into; virtual jog a thon, AR seems to think it may be unlikely that we have any events in person this school year, extremely hopeful for next year

Gala – discuss a virtual event, paddle raise silent auction,

Silverhorn – fundraiser is already going to 15% MUSF

Lisa said she also did a virtual 5 k for cancers society and created own course, in pod with just your family, can definitely make the jog a thon work!

Bingo Night – actually really good 134 cards / 27 families / an email to the families will go out next

Anna would like to communicate to everyone the reason why we are putting these small fundraisers together, so we can drive the word home. Post on website and on parents square.

Anthony's Report

Thank you the luncheon was very well received and well timed., additionally the staff members gifts are being greatly appreciated. Thank you to Meika too.

Chickens are purchased, everything ready, but the chickens themselves. Chickens come in mid January. Mid January support dog Cleo here on MUS CAMPUS!! Woohoo! Cleo will be very docile and calm, if child is fearful then we work with the family.

Working still with Daniel Wilson – working on next steps with him

Laser Cutter – masked and mighty campaign used the cutter to design masks for local businesses, gave the 6<sup>th</sup> graders a publishing activity in the real world.

MUSD Board - changes in December. Kate murphy and Marilyn Bachman is outgoing, new liaison will be selected for MUS and the Board, good time when a new members is coming on.

AR would like to bring the new member in more.

New changes coming for California – within a day or so, hoping public schools that are open will remain open; 15-20 families decided to not come back to in person learning after thanksgiving;

Anthony thinks a week or two after Christmas the population at MUS will go back up; thinks it's a temporary change to keep kids home etc.

Deciding on if they will put out a survey or not before Christmas with regards to traveling  
Tod – CDC made change that we will now be 7 days of quarantine ; then the state has to validate the decision then county, sb county health and California public health department are reviewing that guidance from CDC, the decision has not been completely adopted yet.

TJ Jackson – all good on fundraising end, just under \$50k including all donations and checks ; feels good about where we are at right now, fundraising banners that we could post? Jesse will be looking for them, maybe extend to mid February.

Bricks - are not included in the Annual Fund donations. Those will be used later in the year as a legacy rather than a one time sell. Good to use for the 6<sup>th</sup> graders!

Cathy – did the \$50 increase for holiday gift to staff ; changed from \$30 ; room moms are supposed to send out the list to all the classes for their preference list ; use a sign up list for the room for the gratitude project. Holiday project fundraiser -

Can we send out an email to everyone sending out the gist of the gratuity project.

Next meeting January 6<sup>th</sup> – at 9:45 am ; Tara is due January 7<sup>th</sup> so may or may not be here for that one!
